PROJECT SHEET #08

The following project is also associated with materials, designs and prints for projects #07 Pot Holder and #09 Window Curtains & Cafe Curtains.

Designs for this project can be printed with either the Stamp Kit for Cloth or screen printed using RISO ScreenMaster.

HOW TO MAKE PLACEMATS

Equipment

- PRINT GOCCO PG-5, PG-11, B6 or PG Screen Printing Kit
- PRINT GOCCO Hand Stamper Unit (S-112 or S-113)
- Stamp Inks for Cloth in desired colours
- 1 x B6 Print Master (S-489)
- 2 x Print Lamps (S-105)

Materials

- White cotton material 310mm x 440mm
- Red spotted cotton material 360mm x 490mm

Method

Step 1

Cut the material to size.
Print your design around the edges of the white cotton.

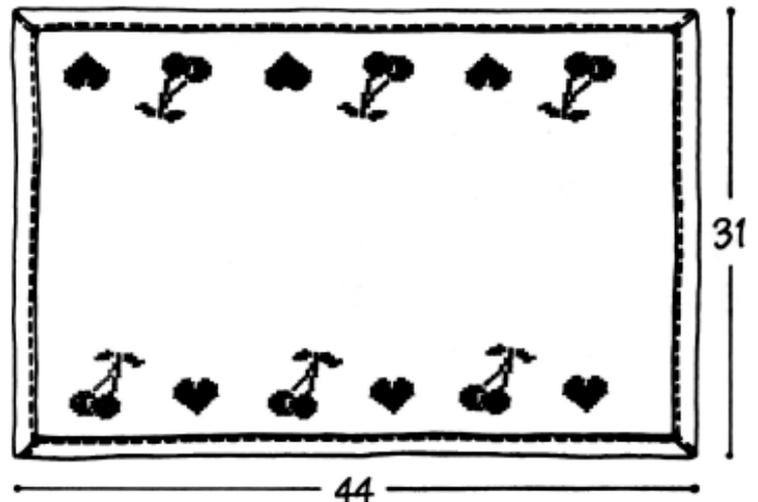

How to print your designs

Details of how to create a Print Master and print using the Hand Stamper are available in the PG-5 manual, or you can view the video demonstrations on the PRINT GOCCO Training CD-ROM.

Ask your supplier for further information or you can view details on the Internet - www.nehoc.com.au/training

---

Step 2

Place the front and back together, as shown left.
Tack them, leaving a border of 1.5cm.

Step 3

Machine stitch the border, making sure to stitch the corners completely.
